

# FROG STREET ANNOUNCES NEW “COACHING CONNECTIONS”

## LOCATION

Virtual

## TIME

1 Hour per session

## SESSIONS

5 or 10 sessions

## CONNECT WITH AN EXPERT REGULARLY TO CREATE POSITIVE OUTCOMES FOR CHILDREN

Establishing a trusting, supportive relationship with an expert is key to the success of coaching in the early childhood environment. Ongoing, collaborative discussions between program staff and coach lead to positive outcomes for children.

Frog Street's new “Coaching Connections” program allows program staff to have direct access and interaction with early childhood experts on an ongoing basis. These interactive Q&A sessions are ideal for follow-up to original coaching sessions, Train-the-Trainer and other skills development trainings.

Make an impact on the fidelity of curriculum implementation by continually examining and adjusting teaching practices to ensure the success of your children!

## OBJECTIVES:

- Provide support to program staff implementing curriculum
- Collaboratively discuss challenges and growth areas
- Review strategies to modify and differentiate instructional practices
- Create a data driven Professional Development Plan
