

EMBRACE THE PLAY!

Enhance Learning Experience Through Joyful Play, Social Emotional Learning & Active Engagement

Frog Street Meets the California Preschool Early Learning Foundations

Decades of research has shown that through play, children learn a breadth of social-emotional, cognitive and physical skills and essential dispositions for learning. Play provides a place to safely express a range of emotions, feel a sense of control and build coping skills.

Children should feel safe, supported, and connected while they explore, discover, collaborate, and thrive.

Every child deserves to have opportunities to develop the skills, knowledge, and dispositions they will need to succeed in our increasingly complex world. This starts by ensuring that all children have access to a high-quality early childhood program where teachers and administrators are knowledgeable about the powerful role of play in education.

Frog Street's Pre-K curriculum emphasizes exploration and hands-on experiences along with meaningful opportunities for children to investigate, problem solve, collaborate, and create at their own pace. Ideal for CA-TK classrooms, the curriculum invites children to develop relationships with other children and adults, and to explore ideas and meaningful activities through play.

Are you looking for a curriculum that sustains and nourishes children's natural curiosity and passion for learning?

Contact Frog Street today!

Teachers can guide children to develop academic and school readiness skills while also strengthening their awareness of diversity, empathy, and beliefs about justice and equity.

See how Frog Street:

- Incorporates a Whole Child Approach that is driven by child-centered learning
- Includes integrated social-emotional themes across the curriculum (Conscious Discipline®)
- Provides scaffolding and intentional instruction embedded into playful activities
- Reflects culturally responsive teaching
- Includes opportunities for peer collaboration, social-engagement, and decision-making
- Provides differentiated instruction to meet the diverse needs of individual children
- Sustains and nourishes children's natural curiosity and passion for learning
- Offers interactive digital components and a comprehensive Assessment program

Frog Street Pre-K reflects culturally responsive teaching and provides differentiated instruction to meet the diverse needs of all children. The curriculum is ideal for half day, full day and extended schedules offered in California early learning programs.

Our teachers love Frog Street's new Pre-K because it is so well organized and easy to use! Our favorite part of the Frog Street curriculum is the emphasis and daily integration of social-emotional development, which is critical to students being successful in school and in life.

–Jackeline Vasquez, Supervisor of Preschool Programs at Castaic Union School District southern California
